

# Invitation

It gives us great pleasure to invite you to IHR'S LIVE WORKSHOPS on **Endoscopy** to be held at Guwahati on 8th February 2009. IHR is 30 years old, dedicated to the cause of infertile couples. Endoscopy and ART go hand in hand to give complete treatment to infertile patients.

Laparoscopic approach is becoming gold standard for many gynecological procedures. The potential advantage of rapid recovery and minimal tissue trauma due to this approach, is obvious. However the level of skill required is great, thereby limiting its wide spread availability. With advances in instrumentation and increasing levels of endoscopic competency, endoscopic surgery can now be within the capability of most gynecologists.

CME, Workshops, Seminars and Conferences are essential for Medicos to upgrade their knowledge. IHR has organized many national and international conferences and workshops. We hope this workshop on Endoscopy will improve day to day practice of the participating clinicians.

**Dr. M. L. Goenka**

*Organizing Chairperson*

**Dr. Deepak Goenka**

*Organizing Secretary*

*Patron*

**Dr. Alka Goswami**

*Advisers*

**Dr. M. C. Das**

**Dr. P. C. Kalita**

**Dr. G. C. Das**

**Dr. P. B. Nabis**

**Dr. S. N. Goswami**

**Dr. Farida Begum**

*Co-ordinators*

**Dr. Nirup Jodhani**

**Dr. Reeta Bhuyan**

## Highlights of Endoscopy Workshop

(08.02.2009, 8.00 am onwards)

1. Total Laparoscopic Hysterectomy (TLH)
2. Laparoscopic Myomectomy
3. Laparoscopic Adhesiolysis
4. Laparoscopic Ovarian Cystectomy
5. Laparoscopic Tubal Anastomosis
6. Office Hysteroscopy / Cannulation
7. Hysteroscopic Septal Resection
8. Hysteroscopic Polypectomy / TCRE

\* Subject to availability of cases

### Faculty

Dr. P. G. Paul, Cochín

Dr. Abhineesh Chatterjee, Kolkata

Dr. M. L. Goenka, Guwahati

Dr. Deepak Goenka, Guwahati

### Registration Fees :

**Rs. 800/-**

Limited Registration on first come first serve basis.

No Spot Registration.
